## PROFILE

### Experienced Senior Management Consultant and Digital Transformation Expert

With over 25 years of dedicated expertise in digital transformation and business change, this seasoned senior management consultant is renowned for transforming complex challenges into success stories for global organizations.

Specializing in diverse sectors such as public services, defense, manufacturing, and retail, he possesses a robust track record of delivering optimal results. His proficiency spans project/program/portfolio management, bid processes, and business process improvement.

## LEADERSHIP & COLLABORATION

This consultant is widely recognized for exceptional leadership abilities, excelling in fostering collaboration and open communication within teams.

Certified as a project manager by IPMA and acknowledged as a Lean Champion, they master PRINCE2, PPS, PROPS, and other leading methodologies.

His unique approach lies in harmonizing methodologies with corporate culture and team dynamics, adapting strategies to fit each company's essence.

## VISIONARY & GOAL-ORIENTED

Known for being a communicative and collaborative team player, this professional is highly goal-oriented and delivery-focused. His strategic vision guides organizations through intricate digital transformations, ensuring alignment with unique corporate values.

His goal is to elevate your organization's digital transformation initiatives, creating a robust foundation for stellar projects.

Example assignments		
Type	Assignment	Description
ERP Project Manager	Swedish Maritime Administration - ERP Project Manager 2023 -	Led the seamless implementation of IFS Cloud for the Swedish Maritime Administration, overseeing approximately 1600 users transitioning to a new, cutting-edge digital platform. Stepping in as the 4th project manager, I successfully guided the project to fruition, rescuing the assignment and ensuring a successful go-live of phase 1 in October 2023
	Econova - ERP Project Manager 2023 -	Orchestrated the implementation of IFS Cloud for Econova in Scandinavia, a monumental task involving the replacement of a 30-year-old ERP system and its connected solutions with a modern cloud-based ERP. Taking over as the 2nd project manager, I navigated the complexities of the project and provided expert guidance, ultimately steering the customer towards a triumphant go-live in March 2024.
	Saab Group - IGNITE 2023	Project manager for a joint initiative between IFS and Saab to form a program aiming to align the ERP strategy on Saab Group level.
	SATEBA - ERP Project Manager 2021 – 2022	Empowered by Addovation, an esteemed IFS partner, I took charge of a groundbreaking IFS Application implementation for a prominent Manufacturing client in Europe, namely Sateba. My role as an ERP Project Manager involved meticulous planning, strategic execution, and ensuring unparalleled customer satisfaction.  <i>Key Contributions:</i> - Orchestrated a seamless integration of IFS Application, revolutionizing business processes for Sateba and enhancing their competitive edge. - Worked hand-in-hand with Addovation's team to deliver exceptional ERP solutions, setting new benchmarks in client satisfaction.
	Saab Aeronautics - ERP9 2015 - 2016	Served as the IFS Project Manager in a groundbreaking upgrade initiative for Saab Aeronautics, managing one of IFS's largest installations with a user base of 6,000. Spearheading a globally distributed team of 20 experts, I oversaw the reduction of customer adaptations by 60%, ensuring optimal performance and client satisfaction  <i>Key Highlights:</i> - Led a high-performing, international team, streamlining Saab Aeronautics' ERP systems and significantly reducing customer adaptations. - Successfully upgraded the ERP9 installation, enhancing Saab Aeronautics' capabilities in the development of cutting-edge projects like JAS Gripen.
Manager	IFS - Consultant Manager HPC 2017	Orchestrated business operations, budget, and staffing for the High Potential Customers (HPC) segment in the Nordics, managing a turnover of approximately 60 MSEK.  Role: Consultant Manager Customer: IFS Scandinavia
	Combitech - Consultant Manager 2006 – 2008	Directed a team of 25 professionals, overseeing profit and loss responsibilities and ensuring effective personnel management.  Role: Consultant Manager Customer: Combitech
